

**STONHARD**

SEAMLESS, SANITARY, EASY-TO-CLEAN FLOORS FOR EVERYWHERE  
THERE ARE FLOORS IN YOUR CANNIBAS PROCESSING FACILITY.  
***EVERYWHERE.***

## PERFORMANCE, DESIGN & RESULTS.

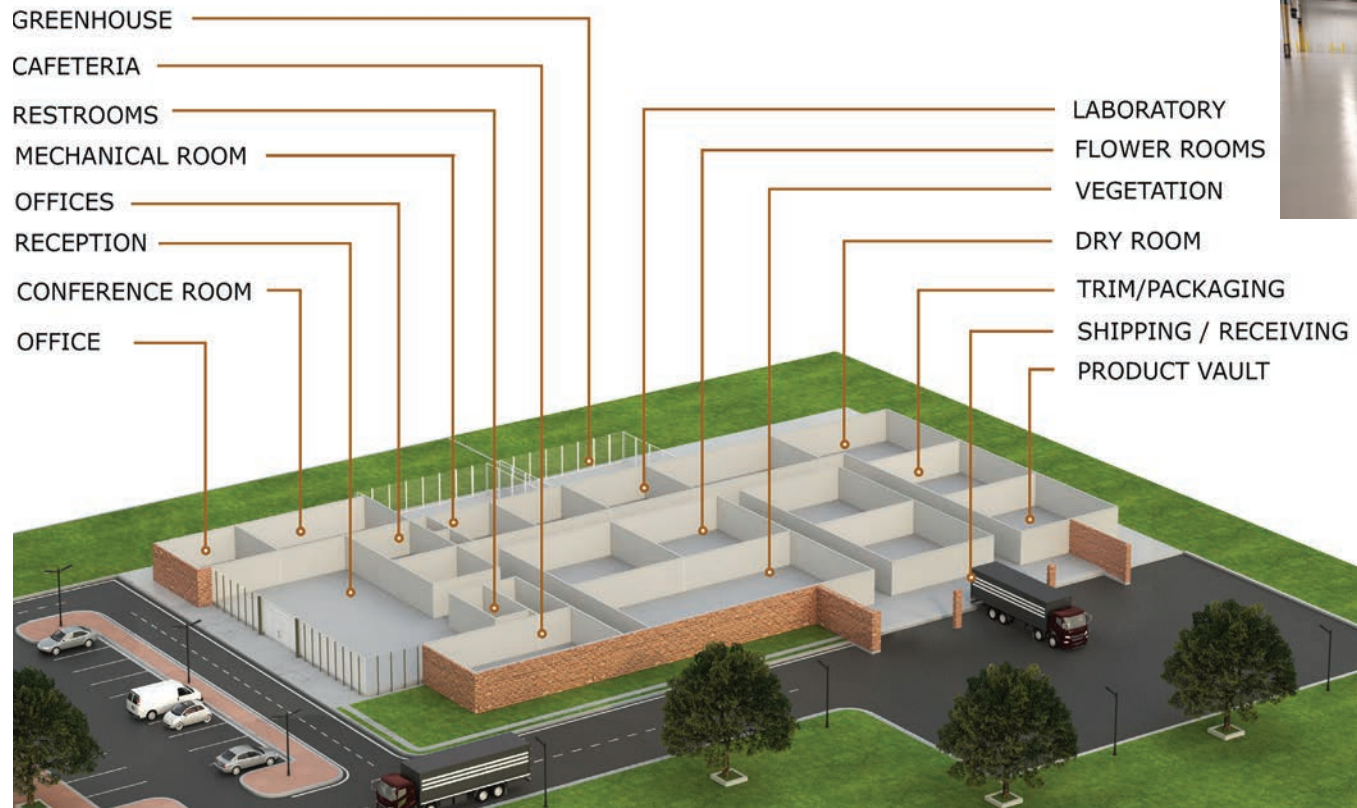

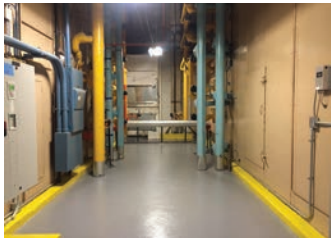

*From greenhouses and flower rooms to labs and office space, choose from a wide choice of floor systems with endless options in textures, finishes and colors.*

Our STONCLAD product line is seamless, offered in epoxy or urethane systems, troweled or self-leveling and delivers long-term protection against bacterial growth, corrosive attacks, impact and abrasion. And Stonhard works with you taking responsibility for both products and installation. [www.stonhard.com](http://www.stonhard.com).

# PROVEN SOLUTIONS TO PROTECT PROCESS ENVIRONMENTS AND KEEP THEM OPERATING HYGIENICALLY AND EFFICIENTLY

## WE WANT YOU TO FIND THE RIGHT FLOORS FOR ALL THE SPACES IN YOUR FACILITY

Seamless, sanitary floors will help you to keep your facility operating successfully. For nearly a century we have been formulating and installing floors in process areas. We know how to prepare new concrete or rehab the existing substrate, and we take responsibility for both product and installation. We will also support you by providing cleaning guidelines and product recommendations.
