THE STONHARD DIFFERENCE

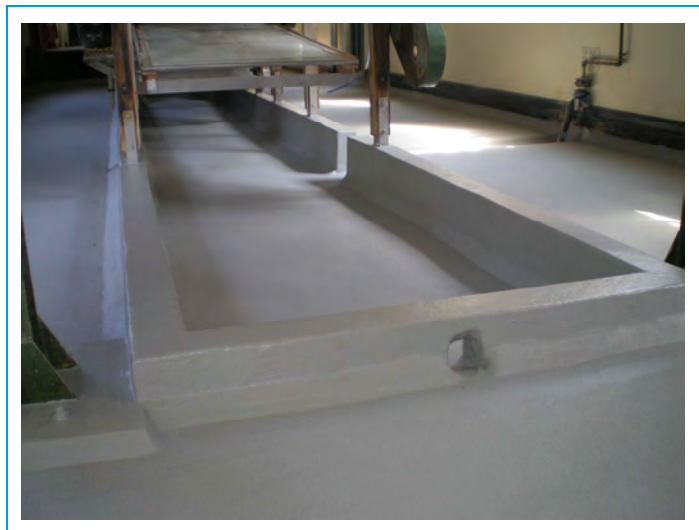

Stonhard is the world-leading manufacturer and installer of high performance polymer floor and lining systems designed for tough commercial and industrial environments. We deliver long lasting durable products to satisfy the most demanding design specifications and work with you from start to finish. You are protected with a single source warranty on both product and workmanship. Known around the world for excellence, the Stonhard name is synonymous with quality, performance and unmatched service.

Removal of existing coating system followed by repair of corroded concrete bund. Fillet coves were then installed prior to overlayment.

Stonchem glass fibre reinforcing membrane installed to all areas to provide strategic strengthening to the lining system.

Completed project. Stonchem 858 will provide exceptional chemical protection with enhanced impact and abrasion resistance.
