CONFERENCE ROOMS & BUSINESS CENTERS

Help guests get down to business. Our smart, savvy and classic flooring options bring depth, mood and unqualified quiet to conference rooms, business centers and lecture venues. Subtle, yet striking designs allow great thinkers to converge and great thinking to emerge.

OUT-OF-THE-WAY SPACES

Create functional spaces that keep staff on task and operations running smoothly. Performance is built into our floors, but nowhere is it needed more than behind-the-scenes areas. Kitchens, restrooms, mechanical rooms and maintenance areas demand floors that are easy to clean, stand up to spills and splashes and don't require repairs or disrupt service.
